Subject: RE: STORMS 1a/1b Report

Hi Dave,

Tabulated list of barriers begins on Page 47 (table 2), direct link included below.

Subject: STORMS 1a/1b Report

Hi Chris- Good to see you in the OC. Was talking with Daniel Abt and Geoff Brosseau today, they mentioned the Storms 1a/1b report as containing a good list of SW capture barriers. I cannot find a link to that report—can you send me the report or a link. Want to look at and mine it for our national Water Reuse Action Plan. Many thanks!
Dave
